

AMBAZONIA COALITION TEAM (ACT)

'Our People, Our Homeland'

Dear Dr. Sebastien Nadot,

Palais Bourbon,
126, rue de l'Universite, 75355 Paris 07 SP, France

The Ambazonia Coalition Team (ACT) - the grouping of movements already signed onto the Swiss-led Process - welcomes and applauds the United Nations (UN) Security Council and the Congress of the United States for reiterating support for negotiations without preconditions to resolve the ongoing genocidal violence in the Cameroons.

We urge France to use its considerable influence within the Security Council and over the Government of Cameroun to (i) evoke the Responsibility to Protect principle; (ii) call for the withdrawal of Cameroun's occupation forces; (iii) support the deployment of UN Peacekeepers to help end the violence; (iv) support an independent international fact-finding mission; (v) advocate humanitarian intervention and the release of all prisoners of conscience and prisoners of war; and (vi) fully support the Swiss-led Process.

We are disappointed that France chose silence – even absence – from the last Security Council briefing. Unlike Washington, DC, which has terminated trade benefits and withheld military assistance, Paris' deafening silence constitutes aiding and abetting Cameroun's war crimes, crimes against humanity and crimes bordering on genocide in Ambazonia.

Over 12,000 people have been slaughtered and 885,000 children are out of school. Over 700,000 are internally displaced; 100,000 are refugees and 2.6 million are in desperate need of humanitarian assistance.

No matter how many Ambazonians are slaughtered, this is an unwinnable war and we will settle for no less than restoration of independence and for an end to all forms of colonial domination whatever their origin.

ACT is available and willing to brief the French parliament on this matter.

TEAM AMBAZONIA
